Greetings Carat Sisters. The Program Committee has successfully produced our first CARAT Cookbook. There were 43 Carats who participated and over 60 recipes submitted. One hundred and forty-one books were purchased. We would like to thank everyone who participated and purchased a book to support this endeavor. We would especially like to thank our National President, Carat Maureen Black, for her support and words of encouragement throughout the process. The members of the community were extraordinaire! They accepted various duties and successfully completed them in a timely fashion. We maintained communication through emails and phone conferences.
